

Mastering the Art of Instrument Navigation

IMC Club, through its nationwide chapters, provides organized “hangar flying” focused on building proficiency in instrument flying, believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend. Click the link below and register TODAY.

Directions: Transportation will be available between the airport and the FlyThisSim offices. Refreshments will be also provided.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
